# SPARKLING WINE

Italy 

Barone Montalto

## Spumante Premiere Cuvée

Brut 810 CZK

A light sparkling wine from Sicily of the outstanding Pinot Grigio variety. Following a light pressing of the grapes, it lies on sediment for three months with fermentation of the Charmat method. Once bottled, it is stored in the cellar for a further month and only then is moved for selling. Its limestone and volcanic subsoil ensures a delightful mineral acidity. The higher sugar and lower alcohol content make this wine an ideal aperitif and one for any occasion. It has a delightful aroma of peach and apple.

### Merlot Barrique

Variety of Grapes

770 CZK

The variety comes from France, probably from the Bordeaux region where it originated as a spontaneous hybrid of Cabernet Franc and Magdeleine noire des Charentes. The variety is now grown all over the world but particularly in France, where it is part of the cuvée with other varieties. This wine is matured for 10 months in oak barrels and is dark garnet in colour with a delicate aroma of overripe blackcurrants and blackberries. Tones of wood and chocolate help to complete the taste. The wine is suitable for longer aging in the bottle.

WE RECOMMEND  
KRONDORF WATER WITH  
WINE

**Krondorf is a hand-drawn and pleasant mineralised water, freshly bottled from source for the restaurant.**

It is characterised by its harmonised taste and perfectly complements both wine and food. Its fresh and subtle composition derives from the natural carbon dioxide of volcanic origin, and it is gentle and does not fade. It has a balanced optimal ratio of Ca + Mg minerals with a high proportion of silicon in an easily-absorbed form. The water has no taste defect and is highly appreciated and recommended by many sommeliers.
