*„For a considerable part of my 17-year culinary career I have devoted myself to Japanese cuisine, especially sushi, which you can sample with us at Windsor.*

*For me, the essential foundation of gastronomy is close co-operation with local suppliers and the freshness of the ingredients.*

*In the hotel I prefer traditional Czech cuisine with a modern twist, which we demonstrate at a local food festival (Food festival.cz).*

*Naturally, we are dedicated to international cuisine and we offer our guests a selection of Italian and French dishes.*

*On behalf of myself and our culinary team, may I wish you „bon appétit“*
